

12 Tips for Painting in Alcohol Ink on Yupo Paper

- 1. If you let the inks lead the way, they will open up your imagination and reawaken your creative spirit. Stay flexible and open to all possibilities.*
- 2. Try not to be too controlling. Let your intuition and your playful, inner child be your guide. Make your main objective - having FUN!*
- 3. Think of everything as an exciting experiment with discovery as your main goal, without putting too much emphasis on the final outcome.*
- 4. Explore a variety of tools for ink application, including brushes, coffee stirrers, Q-tips, cotton balls, paper towels, dabbers with felt and foam, wax paper, plastic wrap, blending pen, micro applicators and permanent markers. Experience the difference between wet and dry ink applications.*
